COGNITIDATA

Hospitality Intelligence

Find the hotels worth converting, know who owns them, and reach out with a reason.

Placeholder teaser for the Cognitidata demo. Not a real offer.

What the hub does

Map-first discovery

Every hotel in a market, deduplicated and pinned on the map.

Owner research

Who owns each property, with sources and a confidence level.

Decision-maker contacts

The people to reach at the owner, with their role and channel.

Guest sentiment

What guests love and complain about, from public reviews.

Outreach drafts

A tailored first email per owner, ready to open in Outlook.
